The Architectural Review Committee (ARC), as provided for in the Master Declaration, exists for the purpose of maintaining high standards in design development and overseeing appropriate building and property use in NorthWest Crossing. When an owner wishes to construct a building or to alter/remodel an existing building, an application shall be made to the ARC by using this form. Completion of the following pages will provide the ARC with the information necessary to review the proposed construction for compliance with the Rules and Design Guidelines. The ARC may be contacted at (541) 312-6473 for additional information and assistance.

**PROCEDURE FOR OBTAINING
ARCHITECTURAL REVIEW COMMITTEE APPROVAL**

REVIEW PROCESS

Submit this completed application form, one copy of the site plan, exterior elevations, floor plan(s), and required fees and color board of exterior elements for review, to the ARC at 2754 NW Crossing Drive #201, Bend, OR 97701 at least two weeks prior to the next ARC meeting. Call (541) 312-6473 to confirm scheduled ARC meetings.

- A. Notice of action taken by the ARC will be mailed to applicants as soon as possible. After receiving the ARC review letter, owner(s) or agent(s) of the owner(s) must respond in writing to the ARC within 14 days of the date of the review letter and may not begin construction until the ARC receives the written response.
- B. Submit one set of construction documents as outlined on the following pages. Additionally, please provide a reduced set of all exterior elevations (8.5 x 11 or 11 x 17). Plans must include all exterior elevations of the building, floor plans, site plan, and a landscape plan. Remember to include all easements and all other pertinent information.
- C. Submit the Architectural Review Committee application fee (\$2000 per building) for new buildings as noted in the Multiple Family Rules & Design Guidelines. Building alterations and additions to the landscaping will require ARC review but will not require additional fees. Please make your check payable to West Bend Property Company LLC.
- D. The application fee helps cover costs of professional fees expended by the ARC to assure satisfactory compliance with the NorthWest Crossing Design Guidelines. The refundable portion of this application fee will be refunded upon satisfactory completion of construction and landscaping as approved.
- E. Submit the color application form attached, showing all exterior materials and colors required for review. It may be submitted with your original final submittal, or at a later date. The color submittal is required so that all exterior elements are viewed together. Paint colors may require on-site review.

ITEMS TO REMEMBER

- A. ARC approval is valid for one year from the date of the ARC approval letter for new construction and six months for remodeling. If construction has not begun during that time, a new application and a new fee is required. If construction of a building has not begun within one year of an Architectural Review Committee approval, ARC expenses related to the submittal will be deducted from any refunds as determined by the ARC.
- B. All Construction on your building must be completed within one year from the date construction is begun, including complete site landscaping.
- C. ARC assumes no liability for encroachments into platted setbacks, solar setbacks, easements, or neighboring property. Be sure to check the plat map of your lot and its property lines to avoid encroachments and trespass.
- E. All checks written for the ARC deposits should be made payable to West Bend Property Company LLC.
- F. A color board, showing collectively, the exterior elements is required for review and approval.

**ARCHITECTURAL REVIEW COMMITTEE
CONSTRUCTION AGREEMENT
FOR NEW CONSTRUCTION**

I/We have read and understand the current NorthWest Crossing Covenants, Conditions & Restrictions, Rules & Design Guidelines, Prototype Handbook, and Submittal Form & Application.

Enclosed is the application fee of _____, the refundable portion may be refunded upon a satisfactory final inspection of the exterior of the home and landscaping by a representative of the ARC.

I/We understand that any change(s) to the exterior of the home from the original, approved submittal must be submitted to the ARC for review and approval before the change may be made.

I/We assume responsibility for any and all damages by the contractor/builder and his agents and subcontractors and their agents to adjacent property and/or to my/our property.

Application Item Check

The following is a list of items that must be included and completed with all Architectural Review Committee (ARC) submittals. The ARC will review these items prior to granting final approval for any construction. Please initial all items you have completed for this application package:

A. SITE PLAN

<u>Initials</u>	<u>Requirements</u>
1.	Identify Building Style and prototype classification.
2.	Drawing scale: 1" = 20'.
3.	Building(s) footprint, roof plan, including overhangs, parking areas, driveway and service areas clearly marked.
4.	Property lines, setbacks, and easements (if any).
5.	Existing tree and rock outcropping locations. (Trees which are proposed for removal must be clearly designated as such on the plan.) Tree site noted and drip line indicated.
6.	Grading plan showing existing contours of site slope <u>and</u> proposed contour changes, both at 1' intervals (retaining walls, if any, must be accurately reflected on the grading plan).
7.	All utility stub locations.
8.	Exterior lighting plan (include catalog cutsheets).
9.	North arrow.
10.	Construction staging and access areas and temporary structure locations designated on plan.
11.	Location of the following clearly marked: walkways, decks, retaining wall(s), proposed utility lines, service yard/trash storage, parking areas, utility & meter equipment, exterior HVAC equipment, storage yards, fences and screen walls.
12.	Elevation of the first floor of building (in relation to existing grade) noted on plan.
13.	Highest ridge of the building (in relation to existing grade) noted on plan.
14.	On-site drainage/containment systems.

B. EXTERIOR ELEVATIONS- All exterior building features clearly identified with accompanying materials/finishes noted. Features include but are not limited to:

<u>Initials</u>	<u>Requirements</u>
1.	Drawing Scale: ¼" = 1'
2.	Doors (include catalog cut sheets), window openings, garage doors, trim, design features.
3.	Walls, partition, storage enclosures, fences, HVAC enclosure, trash/recycling enclosure.
4.	Stairways, rails, decks, patios, porches, landings, spa facilities under deck/stairwell screening.
5.	All utility meter housing locations and housing.
6.	Roof, siding, foundation, masonry materials clearly noted.
7.	Exterior light fixture locations and design (include catalog cutsheets).
8.	Proposed structure's main floor line drawn and elevation in relation to existing grade noted.
9.	Elevation of the highest point of the roof edge in relation to the rear setback. (See Exhibit A, attached).
10.	Accurate finish and existing grades drawn and noted.

C. FLOOR PLANS

<u>Initials</u>	<u>Requirements</u>
1.	Drawing scale: ¼" = 1' (or as appropriate to accurately and clearly illustrate the floor plans.)
2.	Walls, partitions
3.	Door and window openings.
4.	Utility and trash locations.
5.	Stairways, rails, decks, patios, porches, landings, spa facility locations.
6.	Heating & cooling system locations.

D. ROOF PLAN (S)

<u>Initials</u>	<u>Requirements</u>
1.	Drawing Scale: ¼" = 1' (or as appropriate to accurately and clearly illustrate roof plan).
2.	Roof mounted HVAC equipment.
3.	All Hips, dormers, valleys and all roof penetrations, plumbing vents, chimneys, etc.

E. LANDSCAPE PLAN

<u>Initials</u>	<u>Requirements</u>
1.	Proposed tree & plant materials, sizes, their species and location.
2.	On-site drainage and containment systems.
3.	Underground irrigation plan.
4.	Existing tree and rock outcropping locations.
5.	Existing and revised grades.
6.	Hardscape (walkways, terraces, courtyards, etc.)
